DO YOU KNOW WHY THE TREES BEND

```
D
You know why the trees bend
      Bm          D
At the west Texas border?
D
Do you know why they bend
E        A
Sway and twine?
D
Trees bend because of the wind

Bm         G        D
cross that lonesome border
D               (Bm)
Trees bend because of the wind
E      A       D
Almost all the time.

D
If you seen my Caroline

Bm      D
Up in Amarillo

D
If you seen my Caroline

E                  A
The one that I call mine

Bm                  D
Well, if you see my Caroline

D           Bm
With her hair of yellow

D                (Bm)
If you see my Caroline

E         A         D
Tell her I'm doin' fine.
-D-----------------------------------------------------------------------
She is to me like the breeze
      Bm               D
That blows from Corpus Christi

D
She is to me like the breeze

E                     A
That blows up from the sea

Bm              G         D
Well if she is like the breeze

D                Bm       D
That blows from Corpus Christi

D                   (Bm)
Then I must be like the trees,

E               G            D
Cause Caroline blows through me.
```
