If you are leading, you will be the only person who is **not muted**.

On another note, Devra Johnson has a message for all of us who might want to help during this time of great need:

“Dearest Ukulele Family,

I am reaching out to you in hopes that some of you will be able to make Deaconess Face Masks. They are clearly not as effective as N95's and other commercially made masks. However, the CDC has now approved their use during times of crisis when commercially masks have been depleted. There is a need now!!! Many health facilities are requesting!

Instructions for making masks may be found at the following web site:

[www.deaconees.com/How-to-make-a-Face-Mask](http://www.deaconees.com/How-to-make-a-Face-Mask)

This website has the names of facilities requesting these masks. One is in Sun City West. Also, I will put a box in our front courtyard labeled "Masks" and you may put masks in this box. I will happily distribute. Our address is 10345 W. Willowbrook Drive, Sun City. You can call me if you have any questions: 360-510-7643

I, also, might mention that JoAnn Fabrics is donating kits for making ten masks. They are presently out of kits, but will supposedly be getting more in on Wednesday. Masks are best if made out of 100% cotton material and even old tee shirts can be used. The elastic for making these is difficult to find, but fabric ties may be used in place of. Each of the four ties should be 15" in length.

Thank you Sun City Ukulele Club members!!! You are all greatly appreciated. Please be vigilant in keeping yourself and those close to you safe!!

XOX Devra”

Any questions, just give me at call. 623-594-6591

Keep Ukin' On and stay safe and healthy.
