

# Dark Hollow      key: G

G                    D                    G  
I'd rather be in some dark hollow  
   C      G  
Where the sun don't never shine  
   F      C  
Than to be in some big city  
G                    D                    G  
In a small room with your love on my mind

[chorus]

G                    D                    G  
So blow your whistle freight train  
   C      G  
Take me farther on down the track  
   F      C  
I'm goin' away, I'm leavin' today  
G                    D                    G  
I'm goin' and I ain't comin' back.

G                    D                    G  
I'd rather be in some dark hollow  
   C      G  
Where the sun don't never shine  
   F      C  
Than to be at home alone and knowin' that you're gone.  
G                    D                    G  
It would cause me to lose my mind.

**CHORUS**

G                    D                    G  
I'd rather be in some dark hollow  
   C      G  
Where the sun don't never shine  
   F      C  
Than to see you another man's darlin'  
G                    D                    G  
And know that you'll never be mine.

**CHORUS**
