

# Greenfields

**Am**                    **Dm**                    **Am**                    **E7**  
 Once there were greenfields kissed by the sun.  
**Am**                    **Dm**                    **Am**                    **E7**  
 Once there were valleys where rivers used to run.  
**F**                    **G7**                    **Em**                    **A7**  
 Once there was blue sky with white clouds high above.  
**Dm**                    **G7**                    **Am**                    **E7**  
 Once they were part of an everlasting love.  
**Am**                    **Dm**                    **Am**                    **E7**                    **Am**                    **Dm** **Am** **E7**  
 We were the lovers who strolled through greenfields.

**Am**                    **Dm**                    **Am**                    **E7**  
 Greenfields are gone now, parched by the sun,  
**Am**                    **Dm**                    **Am**                    **E7**  
 Gone from the valleys where rivers used to run.  
**F**                    **G7**                    **Em**                    **A7**  
 Gone with the cold wind that swept into my heart,  
**Dm**                    **G7**                    **Am**                    **E7**  
 Gone with the lovers who let their dreams depart.  
**Am**                    **Dm**                    **Am** **E7**                    **Am** **Dm** **Am** **E7**  
 Where are the greenfields that we used to roam?

## Bridge - Chorus

**F**                    **G7**                    **Dm**                    **G7** **C**  
 I'll never know what made you run away.  
**Dm**                    **G7**                    **Dm**                    **G7**                    **C**  
 How can I keep searching when dark clouds hide the day?  
**Am**                    **F**                    **Dm**  
 I only know there's nothing here for me,  
**Am**                    **Dm**                    **E7**  
 Nothing in this wide world left for me to see. But  
**Am**                    **Dm** **Am**                    **E7**  
 I'll keep on waitin' 'til you return,  
**Am**                    **Dm** **Am**                    **E7**  
 I'll keep on waiting until the day you learn  
**F**                    **G7**                    **Em**                    **A7**  
 You can't be happy while your heart's on the roam.  
**Dm**                    **G7**                    **Am**                    **E7**  
 You can't be happy until you bring it home,  
**Am**                    **Dm**                    **Am** **E7**                    **Am** **Dm** **Am** **E7**  
 Home to the greenfields and me once again.

## Repeat Verse 1 and finish with Bridge - Chorus and tag:

**F**                    **Dm**                    **Am** **E7**                    **Am**  
 Home to the greenfields and me once again.
